The Kabir Schools

Rooted in Values. Ready for the Real World.

The Kabir Schools were founded in Vadodara by the Tandon family — visionaries who believed that education should teach children how to live, not just how to score.

By keeping education simple, balanced, and meaningful,
The Kabir Way helps children learn what matters - and why it matters. It blends strong values with the skills, knowledge, and inspiration children need to step into the real world with confidence.

Learning here is connected to life -
where effort builds self-belief,
curiosity leads to understanding,
and empathy shapes character.

Teachers facilitate. Parents participate. Children grow into global agile citizens prepared for the real world.

Here, every child is encouraged to seek knowledge deeply, think independently, and find inspiration in learning - so they are prepared not only to navigate the world, but to contribute to it, influence it, and succeed with integrity.

That's The Kabir Way.

THE KABIR STORY:
A Family of Educators. A Legacy Rooted in Care.

Guided by experience, united by purpose — our leadership team ensures that every Kabir campus reflects the same values of excellence, empathy, and evolution.

Mrs. Radhika Tandon – Founder & Director

"Education should shape good human beings first, achievers next."
Mrs. Radhika Tandon brings more than three decades of experience in school leadership, guiding The Kabir Schools with wisdom, empathy and a clear purpose. She champions a balanced approach - strong academics, rooted values and joyful learning, ensuring that children grow in confidence and character.

Mr. M. K. Tandon – Chairperson

With his distinguished service and leadership in the trust and community, M.K. Tandon engineers and curates our values-based journey and ensures continuity of mission across the generations.

Mr. Arjun Tandon – Director

With over 18 years of experience as an IT edu-preneur, Arjun Tandon strengthens our infrastructure, vision and drive for technology-enabled learning. "Learning stays when we connect values, skills and innovation."

HOW LEARNING HAPPENS AT THE KABIR SCHOOLS

Learning by Doing

Projects, experiments, and performances make concepts real.

Learning by Asking

Teachers encourage curiosity before giving answers

Learning by Connecting

Subjects and life skills blend seamlessly – science meets art, math meets design.

Learning by Caring

Values, service, and empathy form part of every child's journey.

Inspired by NEP 2020, we focus on hands-on, skill-based learning that feels joyful and meaningful. Through Project and Inquiry Based Learning (PBL/IBL), IBU, cross campus refelction and technology based projects students solve real world challenges.

This prepares children to become responsible global citizens who can think independently, succeed in future careers, and even explore paths of innovation and entrepreneurship.

(Formerly Vatsalya Care Center)

Our NEP-aligned and globally inspired 5 Senses Curriculum nurtures over 85% of early brain development through meaningful play, strong values, and foundational growth in physical, cognitive, socio-emotional, language, literacy, numeracy, and creative domains.

We focus on building strong foundations across all early childhood domains:

* Physical & motor development
* Cognitive growth
* Socio-emotional & ethical development
* Cultural & artistic expression
* Communication & early language
* Literacy & numeracy readiness

At our DayCare, children enjoy a safe, nurturing environment that supports healthy routines, social confidence, and joyful exploration. With caring educators and structured play, we ensure every child feels secure, engaged, and lovingly looked after while parents are away.

THE KABIR GLOBAL ACADEMY
Cambridge Board (Proposed)
Makrand Desai Road, Vadodara

The International General Certificate of Secondary Education is an English language-based examination and is known in the UK as being equivalent to the GCSE. It was developed by the University of Cambridge International Education. It encourages students to apply their knowledge, be flexible respond to change, and develop cultural awareness.

Learning is inquiry-led and interdisciplinary, encouraging students to think independently, explore ideas deeply, and express themselves clearly. Projects, research, and collaboration help learners connect classroom knowledge with real-life contexts.

While the outlook is global, values remain deeply rooted — ensuring students grow into thoughtful, ethical, and socially aware individuals.

ST. KABIR SCHOOL
CBSE Board (Proposed)
Vasna Road, Vadodara

The Central Board of Secondary Education (CBSE) envisions a holistic curriculum in which students develop competence, confidence and practical skills. The low-stress, well-structured environment created by the CBSE board makes it the most popular curriculum in India. CBSE's syllabus is also in sync with competitive entrance tests like IIT-JEE, AIEEE, and more

The CBSE curriculum is taught with a strong focus on understanding rather than memorisation, helping students develop critical thinking, communication skills, and self-confidence.

Opportunities in sports, arts, leadership, career guidance, and life skills ensure balanced growth — preparing students not just for examinations, but for real-world challenges. The Kabir CBSE schools are located in the Vadodara city at Chapad Road and Vasna Road.
